The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. In lieu of constructing improvements, in whole or in part, the developer may agree to contribute monies for the construction of neighborhood or local drainage improvements, the amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, or the recordation of a Map subdividing this site, whichever may occur first, if allowed by the City Engineer.

**** STAFF REPORT ****

PROJECT DESCRIPTION

The project request is for a Rezoning from U (Undeveloped) [SC (Service Commercial) General Plan Designation] to C-1 (Limited Commercial) on a 2.13 acre site located on the west side of Jones Boulevard approximately 275 feet south of Cheyenne Avenue. The zone change will allow for a commercial development that will complement surrounding existing retail, residential, and community service uses. The C-1 (Limited Commercial) zone is consistent with the General Plan designated land use of SC (Service Commercial) and will allow for a new development within a General Plan designated revitalization area. Staff recommendation is for approval.

ANALYSIS

The proposed zone change to C-1 (Limited Commercial) will allow for commercial development consistent with the current General Plan land use designation of SC (Service Commercial) and revitalization goals.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. “The proposal conforms to the General Plan.”

The proposed zone change to C-1 (Limited Commercial) conforms with the General Plan land use.

2. “The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.”

The rezone will allow for commercial/retail uses that will complement adjacent commercial, residential, and institutional uses.

3. **“Growth and development factors in the community indicate the need for or appropriateness of the rezoning.”**

The project site is an underutilized parcel that via the rezone, will allow for an infill development within a suburban community.

4. **“Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.”**

Public roads have adequate capacity and provide direct access to the project site.
